DO THAT THANG

Sam Hankins' brand new CD "Do That Thang" will take you on a musical journey never experienced before. It transcends genres from the sweet ballad sounds of "There For You" that will keep you dreaming about that special someone to the edgy, hip hop, rap sounds of the title track "Do That Thing" that will keep your feet stomping. Hankins has intelligently incorporated the sounds of different, very talented artists on this CD from Audley Reid II & Chris Godber on tenor saxophone, Demetrice Everett on drums & percussion, Tim Gant on keyboards, Terry Tuck on bass guitar, Joel Del Rosario on guitar & Julz P (Julz Prescott), Symon (Simon Ayantola) & Marcellus Hankins on vocals. He allows each artist to explore and bring their own creativity to this project. Hankins's distinct & rich trumpet and flugelhorn sounds bring an excitement and fulfillment like no other. So sit back and enjoy the invigorating smooth jazz experience of "Do That Thang".
